WORK EXPERIENCE

Twitter

Mar 2022 – Mar 2024

Senior Full-Stack Developer

Los Angeles, CA

- Successfully **migrated** over 20 **React.js** class components to functional components and custom hooks, streamlining the codebase and improving overall efficiency.
- Designed and implemented the **Branded Likes** feature, enabling advertisers to incorporate customized **Like** button animations, enhancing user engagement and interaction.
- **Maintained** code quality through rigorous **code reviews** and regular refactoring, utilizing **React.js**, **Node.js**, **Typescript**, **Java** and **GraphQL** technologies for optimal performance.

Wreno

May 2020 – Jan 2022

Full-Stack Developer

Seattle, WA

- Updated a real estate platform to create dynamic and **responsive** UIs, driving increased sales and user **engagement**.
- Identified and **resolved** bugs in production sites, employing effective debugging techniques to **enhance** code reliability and user experience.
- Participated in project **planning**, **estimation**, and documentation, providing technical insights and recommendations.
- Provided technical guidance and support to team members, fostering a collaborative and knowledge-sharing environment

Campuswire

Feb 2017 - Jan 2020

Senior Full Stack Developer

Los Angeles, CA

- **Developed** an advanced online teaching and learning platform with **LMS** capabilities for course curation, multimedia content management, interactive Q&A forums, real-time communication, progress tracking, and performance **analytics**.
- **Analyzed** user behavior and conducted stakeholder interviews to refine software requirements, and adopted an Agile design strategy with iterative prototyping to expedite validation, completing the project 3 weeks ahead of schedule.
- Led the deployment and optimization of **iOS** and **Android mobile** apps, achieving 99.9% crash-free sessions.

EDUCATION

California State University

Oct 2011 - Jun 2016

Bachelor of Computer Science

Los Angeles, CA
